

# Laser Operator Job Posting

Rotation Engineering & Manufacturing ■ 8800 Xylon Avenue North, Brooklyn Park, MN 55445 ■ 763-425-9331 ■ www.rotationengineering.com

## Rotation Engineering: Safety Focused. Above & Beyond.

- ✓ **Career Path** – With opportunities for advancement, you'll gain expertise in producing the highest quality of parts, scheduling sequences and special projects.
- ✓ **We Win: You Win** – We've been around for 45 years, so we know how to win! When you're on our team, you win too. *Benefits* include Medical, Dental, Vision, Life Ins, Long and Short Term Disability Ins, 401(k), PTO and Tuition Reimbursement.
- ✓ **Just for the Fun of It** – We're not all business. We've been known to throw employee parties, enjoy company picnics and compete for bragging rights in bean bag tosses.
- ✓ **Shifts available**
  - Weekend Shift: Friday/Saturday/Sunday: 6:00 am – 6:30 pm

## What You'll Do

Take responsibility for the setup and operation of a CNC Laser to safely and accurately process materials into product specified by print. Responsibilities include but are not limited to:

- Maneuver materials by means of fork trucks or pallet jacks in a safe manner
- Perform part inspection and adjustments to meet internal and external requirements
- Handle minor machine maintenance such as cleaning, slat replacement and greasing
- Measure and visually inspect products to ensure conformance to specifications using micrometers, calipers, protractors, indicators and height gauges

## Who You Are

- Equipped with knowledge of production processes, quality control, costs and other techniques for maximizing the effective manufacture and distribution of goods
- Interested in participating in continuous improvement projects
- Able to show up for work on time, be neat and orderly
- Take time to understand and ask questions

## What You'll Need

- High School diploma or equivalent
- Verifiable experience inspecting product using precision measuring tools such as calipers, height gauges, micrometers and others
- Strength to lift and/or move up to 35 pounds
- *Nice to have:* 3 months of general manufacturing experience

**Rotation's Core Values:** Integrity ■ Above & Beyond ■ Customer-Driven ■ Attitude is Everything ■ Team First
